

MAXILUC

SERIMAX'S MAXILUC ARE THE MOST POWERFUL AND RELIABLE LINE-UP CLAMPS PROVIDING THE BEST SOLUTION FOR LANDLINE PROJECTS

THE MULTI PURPOSE ILUC PIPE REROUNDER

- Removes out-of-roundness HiLo
- Minimizes fit up time
- Wireless remote control ensures operators safety

MAXILUC

Equipment Description Range

Up to 8 times stronger than standard ILUCs
Supported pipe lengths: up to 24m
Pneumatic MAXILUC rerounding clamp from 30" up to 56"
Climbing capability: up to 20° (on demand)
Can be used with or without copper backing ring in various design and material grade
Pneumatic MAXILUC rerounding capacity to compensate out of roundness from 30" to 56" (au lieu de Pneumatic MAXILUC rerounding clamp from 30" up to 56")

Operating Capabilities

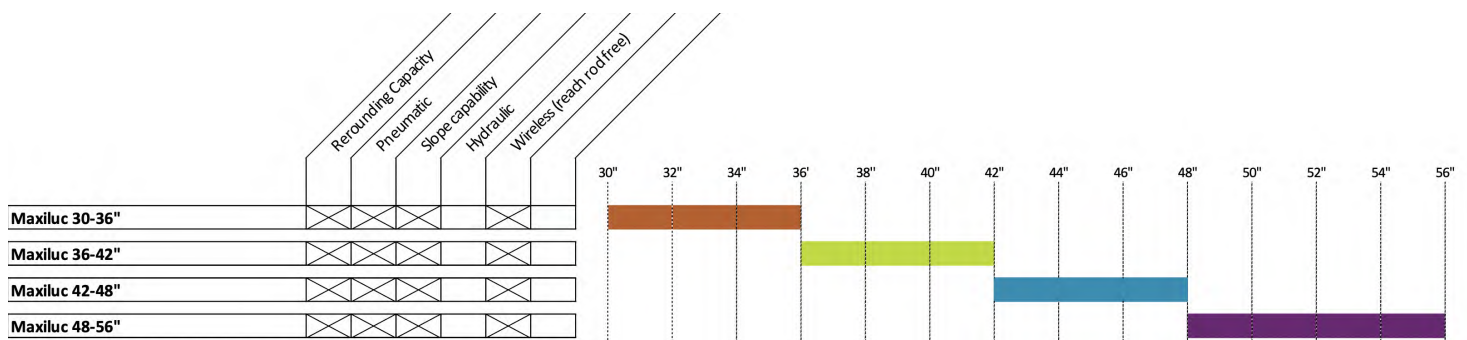

-40° +60°
Landline and offshore

Available Features

Rerounding
Motorization and strong breakings
Wireless / reach rod free
Optional slope capability
Optional long reach motorization
