

SATURNE

SATURNE IS SERIMAX'S ORIGINAL FULLY AUTOMATED HIGH-SPEED ORBITAL WELDING SYSTEM DESIGNED FOR OFFSHORE TRUNKLINE APPLICATIONS.

SATURNE IS THE FASTEST FIELD PROVEN AUTOMATIC WELDING SYSTEM IN THE INDUSTRY

- Several world production records still running
- 8 welding torches working simultaneously
- Mechanical seam tracking system for each torch
- Fully automated welding cycle sequence including overlaps

SATURNE

Equipment Description Range

Saturne 34" to 44"

Arm overall dimension (L x l x h): 2.100mm x 3.600mm x 2.300mm

Weight: 2.700kg

Saturne 42" to 48"

Arm overall dimension (L x l x h): 2.100mm x 3.600mm x 2.300mm

Weight: 2.800kg

Fully-automated welding system

Application

Line description: offshore trunkline

Technical Characteristics

Temperature operating range: 0°C (32°F) to 50°C(122°F)
